

Call for Papers

The Journal of Indonesian Sustainable Development (JISDP) accepts now submissions for its December 2019 issue. JISDP is a peer-reviewed tri-annual journal that aimed at studying the issues of sustainable development from around the world to later be used as policy material in sustainable development planning in Indonesia, developing countries, and the world in general.

The article of this journal absorbs theoretical scientific studies as well as empirical experiences from researchers around the world, primarily from researchers who specialize in developing countries, to then publish them all widely to international forums as an applicable and innovative knowledge.

This journal gives important weight to the issue of sustainable development planning with regard to the mental and spiritual development of the people of Indonesia and the people of the world in terms of ideology, politics, economics, social, culture, defense and security, environment, and renewable energy.

JISDP expects the articles encourage debate, controversy, new understanding, solid theory, and reflection on sustainable development planning.

The articles sent should have a sharp analysis and rigorous methodologies quantitative or qualitative as well as written in an engaging and analytical style. The JISDP does publish original research, reviewing research, book review, opinion pieces of current affairs. However JISDP does not publish journalistic or investigative style of article.
